

intec

Commercial and Industrial

Member of

Professional commercial and industrial services worldwide.

Intec has delivered high quality personnel of proven ability to clients throughout the world for more than 25 years.

We provide a fully comprehensive portfolio of dedicated recruitment services, from advertising and screening candidates through to preparing a final short list. Whether you require the support of a single contract worker or an entire temporary workforce – from office managers and call centre staff to heavy labourers and retail personnel – Intec has the experience, expertise and resources to meet your needs.

Intec is committed to using innovative technology to improve the effectiveness and efficiency of our services. Our consultants use advanced search technology to source the most appropriate candidates, and our clients can now monitor progress and the hours worked by their contractors online.

As a member of the Recruitment & Employment Confederation (REC), Intec adheres to a strict Code of Good Recruitment Practice and is subject to the REC complaints and disciplinary procedures. In addition, Intec has been independently certified as meeting the requirements of ISO 9001:2000 in the scope of manpower, training and consultancy services and is a member of the British Quality Foundation; member of the British Safety Council; and an Investor in People.
