Training and Consultancy

Member of  **British Quality
FOUNDATION**
Registered Consultancy
and Training Organisation

The most effective way to achieve and maintain a competitive edge.

Intec training services are shaped to fit the ever-changing needs of modern business. We ensure your personnel are equipped and ready with the knowledge needed to reach their personal – and your business – potential.

Our comprehensive portfolio of training programmes is designed to incorporate the very latest technological advancements and legislative changes whilst retaining the core values of classically effective learning techniques.

Intec also provides management consultancy, designed to be much more than advice on improving your business performance. We aim to achieve a deep understanding of your objectives so the guidance we deliver is relevant, useful and effective.

Our team of consultants have years of experience in numerous industry sectors and unrivalled expertise of local business practices around the world. Wherever you are based, and whichever industry you work within, our focus is always on developing measurable improvements to your business.

Intec has been independently certified as meeting the requirements of ISO 9001:2000 in the scope of manpower, training and consultancy services. In addition, Intec is a British Quality Foundation Registered Consultancy and Training Organisation. The British Quality Foundation is Europe's largest corporate membership organisation promoting performance improvement and excellence.
